NEWSLETTER HUTCHINSON AREA WOMEN OF TODAY

The Women of Today Calendar Year

The Minnesota Women of Today calendar year runs from May 1 to April 30 of each year. The first trimester includes the months of May, June, July and August; the second includes September through December and the third trimester includes January through April. You may be wondering how the calendar affects your dues - if, for example, you joined the Women of Today during the second trimester, your dues are due the 2nd trimester on your anniversary.

How does the calendar affect reporting? Both the chapter president and the District Director report monthly. Other reporting is done on a trimester basis, such as for programming and for State Delegates. Completing the reports timely ensures information to be reported properly during the appropriate trimester and allows accurate information at conventions and in Chapter Information Packets (CIP). Understanding the calendar year is an important element when considering awards for an individual, a chapter, and project of the quarter within your districts, as well as when reporting information.
